

APT20

Dual Phantom Power Supply

AUDAC

► Features

- 2 channels
- 48 V DC output
- Solid aluminium housing
- Power cable included

► Applications

- Phantom power supply for two condenser microphones

The AUDAC APT20 is a phantom power supply unit for two condenser microphones.

It supplies 48 V DC to the microphone and routes the signal to a mixer or microphone amplifier.

It features XLR connectors for input and output, and at the back is an IEC power connection with a power switch provided.

The power cable is included.
