

AUDAC

► Features

- Slim line ALU design
- Clear and crisp sound reproduction
- Mounting bracket included
- Light weight
- Timeless design
- Wide distribution field (170°)
- 24 High Quality 2" drivers
- Aluminium front finish

► Applications

- Indoor applications
- Auditoria
- Airport lounges
- Conference rooms
- Places of worship
- Meeting and board rooms

The "GIAX" column speaker is designed to meet the requirements of professional installers for auditoria, airport lounges, conference rooms, places of worship, etc.

It can be applied anywhere where a great flexibility in positioning (almost 180°) and long distance sound projection is necessary.

It is a column speaker with a line array of 24 special designed 2 inch drivers, which are located on precisely calculated locations in the speaker column. The line array method gives the listener the impression he's listening to just a single sound source, but with a more distributed sound coverage throughout the room.

The speaker has a total power of 240 Watt RMS, and a maximum power of 480 Watt. The total speaker impedance is 4 Ohm.

The GIAX has a surprisingly powerful output but with a state-of-the art audio quality.

It's design features an aluminum housing and grill, what results in a light weight column speaker of approximately 6,5 Kg

The mounting of the speaker can be done with a special mounting bracket which is included. This bracket makes it possible to focus the speaker into any direction, and with the two included incline brackets, the speaker can be inclined between 0° to 7.5° and 7.5° to 15°, to obtain the best possible audibility.

Available in Black (/B) and White (/W).

► Specifications

SYSTEM SPECIFICATIONS	
Max. power	480 W
RMS power	240 W
Impedance	4 Ohm
Sensitivity 1W / 1m	92 dB
Sound pressure Max. W / 1m	114 dB
Frequency response -3dB	100 Hz - 17 kHz
Frequency response -10 dB	80 Hz - 19 kHz
Horizontal coverage	170°
Incline angle	0° to 7.5° & 7.5° to 15°
PRODUCT FEATURES	
Dimensions (Width x Height x Depth)	70 x 2005 x 105 mm
Weight net	6,5 Kg
Drivers	24 x 2"
Construction	Aluminium
Front finish	Aluminium grill
Colour	Black (/B) White (/W)
SHIPPING & ORDERING	
Packaging	Carton box
Shipping weight & volume	7,8 Kg - 0.007 Cbm
Accessories included	Wall bracket 2 x incline angle
